*total number of rejections including those rejected during the technical check as well as after peer review

^f Acronyms used: TBD, to be determined.

^a Active papers.

^b Inactive papers; those that had the last action taken in 2006 or earlier. These papers were removed from future consideration.

^c 28 active with: 9 still in the old process; 17 in Editorial Manager; 2 outside of either process for 2009 Special Issue.

^d This statistic may not be inclusive for the entire year – year of transition and this is when this number began being tracked, part way through year.

^e 52 rejected overall, 35 of these were rejected without review because they were not suitable for the journal (e.g., too localized)

^f Papers accepted during the year and not specifically for the year's volume.

^g Special issue or theme issue

^h Produced as a combined issue, Issue 43(2/3).

ⁱ In 2005, the 21 electronic members were also sent print copies.

^k Subscribers (nonmembers – synonymous with Libraries) were provided option for electronic-only subscriptions starting in 2011.

^l Numbers will increase after the Central Region Conference, Feb, 2012

Total includes members who receive print copies.
