

22nd

Eastern Canadian Symposium on Water Quality Research

November 3, 2006

Concordia University, Montreal, Quebec, Canada

General Chair: Maria Elektorowicz

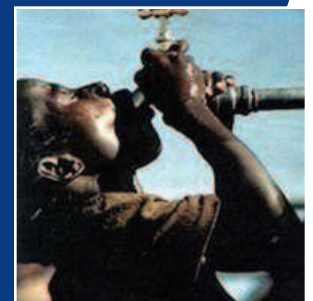

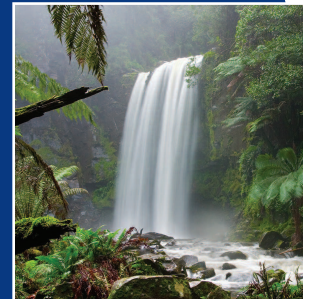

Technical Chair: Zhi Chen

Financial Chair: Amir Amid

Keynote Speaker: Dr. Kenneth Lee (Fisheries & Ocean Canada-COOPER)

22nd Eastern Canadian Symposium on Water Quality Research, aims to bring together researchers, engineers, practitioners and students to present their latest achievements and innovations in the area of water quality. Topics of interests are:

- Groundwater quality
- Coastal water pollution
- Disinfection of residual waters
- Treatment of residues, sediments, biosolids, and soil
- Water treatment
- Fate of contaminants
- Water quality in agricultural areas
- Environmental biotechnology
- Environmental policies
- Advanced analytical methods
- Pharmaceutical and personal care product in the environment

Philip H. Jones Award

A major goal for the Canadian Association on Water Quality is to showcase the talents of students who conduct water quality research. The CAWQ sponsors a competition for the "best presentation" of a research paper made by a student.

Important Dates

Abstract submission Aug. 31, 2006

Notification of Acceptance Sept. 18, 2006
